Disability Services and Accommodations

Non-Discrimination Policy

Congregation YMH is committed to providing equal educational opportunities to all qualified men of the Orthodox Jewish faith, in compliance with **Section 504 of the Rehabilitation Act of 1973** and the **Americans with Disabilities Act (ADA)**. The institution does not discriminate in its admissions or academic programs on the basis of disability.

We are dedicated to fostering an environment of understanding and support to ensure that all qualified students have an equal opportunity to learn and participate in the educational experience.

Requesting Accommodations

A student seeking academic accommodations is responsible for self-identifying and providing current documentation of their disability to the Rosh Yeshiva. The institution will then engage in an interactive process with the student to determine appropriate and **reasonable academic accommodations**. All information provided will be kept confidential.

Academic Accommodations and Program Scope

Congregation YMH provides reasonable academic accommodations for qualified students with documented disabilities. Accommodations are determined on a case-by-case basis to address the specific needs of the student within our academic program.

Please note, Congregation YMH does not offer specialized academic programs or remedial instruction. Our focus is on providing reasonable accommodations to ensure access to our existing curriculum.

Facility Accessibility

Some of our facilities may present physical barriers. When a student with a disability is admitted, Congregation YMH will work with the student to provide reasonable access to its programs and activities, which may include relocating a class or activity to an accessible location.
